

## **TT2011: Centenary of the Mountain Course**

We offer a great solution for groups visiting the Isle of Man for TT - we provide fully installed and serviced Tents - **very high quality Vango Diablo 900 and 600's according to group size. We can provide these on any of the island campsites**, but we have selected the Douglas TT Campsite, Glenlough and St. John's, and St. George's AFC Campsites – for TT2011, as these are very popular for TT Visitors.

The **Vango 900's** can comfortably accommodate 6 people (They are designed for 9, but we like to allow you extra room for comfort). **The Vango 600's** are designed for 6, but we would use these for 4 people, again to allow you space for storage etc.) **Each tent has a huge living room, where you can easily stand up and walk around. The tents are literally massive - and always are easily the largest on any Campsite! Tents and equipment are of the very latest design for you comfort. The Tents and Equipment are of the highest quality.**

The **Vango Idaho's** can comfortably accommodate 2 people. Each tent has a living room, where you can **easily stand up and walk around**. The tents are a good size. Tents and equipment are new and of the very latest design for you comfort.

***All tents can be completely equipped with Double Burner Camp Kitchens (with Grills), Whistling Kettles, Storage, Camp Lighting, Airbeds and Pillows, High Quality seating. (BBQ's are available to hire for a lively evening party)***

***It also gives you and your friends an independence to come and go as you please and to enjoy all the island has to offer, as well as soaking up the atmosphere and fun of TT2011.***

This is luxury camping. And provide's a fun way to enjoy the Isle of Man and the great outdoors for a large group of friends.

**As one of our recent clients remarked - 'This isn't camping, it's Hotelling!'**

**We only offer the highest quality of service and go the extra mile to ensure our clients have a great stay.**

**We approach providing a serviced tent as we would provide an apartment let for a holiday stay - you would walk in and walk out and enjoy your holiday. The only difference for camping is that we would ask you to bring a sleeping bag and a towel - if you don't want to do this these can be purchased locally.**
